RUCOR Advanced

ABOUT RUCOR ADVANCED

If you buy Road User Charges (RUC) for your vehicles, you can claim a RUC refund from NZTA for your vehicle's off-road travel. Fleetpin makes it easy to submit these applications.

RUCOR Advanced works in conjunction with our Off-Road RUC report, which tracks your vehicle's off-road activity and calculates your refund. You can select and review eligible RUC licences, generate the PDF application, and submit it. The process is streamlined from beginning to end.
